

February 18, 2010

Dear Doctor:

I'm pleased to announce our next seminar "Treatment Planning" on Wednesday, March 24, 2010. This seminar will be held at a new location - Ruth Lake Country Club in Hinsdale, IL. This is a one-time only change in venue as LaGrange Country Club is closed on this day. This course is by invitation only.

For this seminar, I encourage you to present a case. Any interesting case, whether it is a 1 tooth, 2 teeth or full mouth case, is acceptable. Even if you do not feel comfortable presenting to the group, I would ask you to be on the lookout for an interesting case. I am willing to help with any photography, x-rays and models needed. This is always our most popular seminar. It gives you a unique opportunity to present a complicated case in a collegial environment.

Please save the date – April 28, 2010 - for the final course of the year "Problem Solving in Implant Dentistry" featuring Curtis E. Jansen, DDS. For more information regarding this course, please see the attached seminar description. A separate registration will follow for this course.

Thank you for your continued support and please call me if you have any questions regarding these education programs.

Sincerely yours,

Timothy P. Walsh, D.D.S.
