

December 3, 2009

Dear Doctor:

I'm pleased to announce our next seminar "Current Topics in Periodontal and Implant Dentistry for the Dentist-Hygienist Team". This course is designed specifically for dentists and hygienists. This seminar will take place on Wednesday, January 20, 2010 at the LaGrange Country Club in LaGrange, IL. This seminar is by invitation only. Please register early as we expect this seminar to fill up quickly.

Featured speakers are:

- Dr. Martin Kolinski – "Immediate Implants"
- Dr. Peter Cabrera – "Periodontal Plastic Surgery"
- Dr. Tricia Crosby – "Maintenance of Dental Implants"
- Dr. Timothy P. Walsh – Socket Grafting

Combined, our presenters have over 90 years of clinical experience. They represent not only the tried and true periodontal concepts but also are on the cutting edge of the latest practices. Having doctors and hygienists come together as a team for this event creates a well-rounded approach to addressing periodontal issues and implant issues.

Please mark your calendar and send in the attached registration form to reserve this date. Thank you for your continued support and please call me if you have any questions regarding this outstanding continuing education program.

**In order to provide continued quality service, please include your Academy of General Dentistry member number on the Registration Form. This will allow our office to submit CE credits to the AGD for our course attendees.**

Sincerely yours,

Timothy P. Walsh, D.D.S.
