

September 20, 2011

Dear Doctor:

I'm pleased to announce our next seminar "The Use of Botox Cosmetics in the General Dental Office" on October 19, 2011 at the LaGrange Country Club in LaGrange, IL. This seminar is by invitation only. This seminar will have limited seating due to a change in the rooms. Please send in registration ASAP to insure your seating availability.

Our featured speaker is Peter Harnois, D.D.S. Dr. Harnois currently practices in Hinsdale and downtown Chicago. He is a nationally recognized lecturer known for his interactive style. Dr. Harnois will showcase Botox Cosmetics and their use within your office. These cosmetics can broaden your services and patient base while increasing daily production. Learn how to energize your staff and practice while creating an entirely different category in which to attract new patients.

Please mark your calendar and send in the attached registration form to reserve this date. Thank you for your continued support and please call me if you have any questions regarding this outstanding continuing education program.

**In order to provide continued quality service, please include your Academy of General Dentistry member number on the Registration Form. This will allow our office to submit CE credits to the AGD for our course attendees.**

Sincerely yours,

Timothy P. Walsh, D.D.S.
